Gentlemen:

The rush season is almost upon us. In a few days (with the cooperation of some good weather) we'll all be busy trying to accomplish as much work as possible in the planting weeks ahead.

While you still have some leisure time, we hope you will thoroughly examine the enclosed list of evergreens and, when you are giving your customers estimates and helping them plan their landscaping, we trust you will be thinking of BROWN DEER grown evergreens in that planting. They will make a satisfied customer.....they will help you sell the next one.

We will again have our salesyard open this spring. It is your assurance of prompt service with no delays when time is so valuable. We will be digging every day for our salesyard and you can be sure of freshly dug material.

We will, of course, be pleased to dig on your special orders at all times. Come in.....get a supply of tags, and at no extra charge, mark your own trees.

Yours very truly,

BROWN DEER NURSERIES
